

## Notice of Privacy Practices

**PLEASE REVIEW IT CAREFULLY. THIS NOTICE IS A REVISION AND BECAME EFFECTIVE OCTOBER 26, 2015**

This Notice of Privacy Practices is NOT an authorization. This Notice of Privacy Practices describes how we, our Business Associates and their subcontractors, may use and disclose your protected health information (PHI) to carry out treatment, payment or health care operations and for other purposes that are permitted or required by law. It also describes your rights to access and control your PHI. "Protected health information" (PHI) is information about you, including demographic information, that may identify you and that relates to your past, present or future physical or mental health condition and related health care services. If you have any questions in reference to this form, please ask to speak with our HIPAA Compliance Officer.

### **PROVIDER / CLINIC OBLIGATIONS**

We are required by law to maintain the privacy of, and provide individuals with, this notice of our legal duties and privacy practices with respect to PHI. We are also required to abide by the terms of the notice currently in effect. In Texas we must inform you if we disclose your PHI electronically, and those electronic communications including PHI must be through a secure method of electronic media. We are required to notify you of a breach of your PHI as required by federal and state law.

### **USES AND DISCLOSURES OF PROTECTED HEALTH INFORMATION**

Your PHI may be used and disclosed by your physician, our office staff and others outside of our office that are involved in your care and treatment for the purpose of providing health care services to you, to pay your health care bills, to support the operation of the physician's practice, and any other use required by law.

**Treatment:** We will use and disclose your PHI to provide, coordinate, or manage your health care and any related services. This includes the coordination or management of your health care with a third party. For example, your PHI may be provided to a physician to whom you have been referred, DME vendors, surgery centers/hospitals, referring physicians, family practitioner, physical therapists, home health providers, laboratories, worker comp adjusters and nurse case managers, etc to ensure that the healthcare provider has the necessary information to diagnose or treat you.

**Payment:** Your PHI will be used, as needed, to obtain payment for your health care services. For example, obtaining approval for a hospital stay, surgery, MRI or other diagnostic test, injection procedures, physical therapy, etc., may require that your relevant PHI be disclosed to the health plan to obtain approval for the procedure.

**Healthcare Operations:** We may use or disclose, as-needed, your PHI in order to support the business activities of your physician's practice. These activities include, but are not limited to, quality assessment, employee review, training of medical students, licensing, and conducting or arranging for other business activities. For example, we may disclose your PHI to medical school students that see patients at our office. In addition, we may use a sign-in sheet at the registration desk where you will be asked to sign your name and indicate your physician. We may also call you by name in the waiting room when your physician is ready to see you. We may use or disclose your PHI, as necessary, to contact you to remind you of your appointment, and inform you about treatment alternatives or other health-related benefits and services that may be of interest to you.

We may use or disclose your PHI in the following situations without your authorization. These situations include: as required by law, public health issues as required by law, communicable diseases, health oversight, abuse or neglect, food and drug administration requirements, legal proceedings, law enforcement, coroners, funeral directors, organ donation, research, criminal activity, military activity and national security, workers' compensation, inmates, and other required uses and disclosures. Under the law, we must make disclosures to you upon your request. Under the law, we must also disclose your PHI when required by the Secretary of the Department of Health and Human Services to investigate or determine our compliance with the requirements under Section 164.500.

### **USES AND DISCLOSURES THAT REQUIRE YOUR AUTHORIZATION**

**Other Permitted and Required Uses and Disclosures** will be made only with your consent, authorization, or opportunity to object unless required by law. Without your authorization, we are expressly prohibited to use or disclose your PHI for marketing purposes. We may not use or disclose most psychotherapy notes contained in your PHI. We will not use or disclose any of your PHI that contains genetic information that will be used for underwriting purposes.

**You may revoke the authorization**, at any time, in writing, except to the extent that your physician or the physician's practice has taken an action in reliance on the use or disclosure indicated in the authorization.

## **YOUR RIGHTS**

The following are statements of your rights with respect to your protected health information.

***Right to Inspect and Copy.*** You have a right to inspect and obtain a copy of the PHI that may be used to make decisions about your care or payment for your care. This includes medical and billing records, other than psychotherapy notes. To inspect and/or copy this PHI, you must submit a request in writing to our office. In Texas, we have up to 15 days to make your PHI available to you and we may charge you a reasonable fee for the costs of copying, mailing, or other supplies associated with your request. We may not charge you a fee if you need the information for a claim for benefits under the Social Security Act or any other state or federal needs-based benefits program. We may deny your request in certain limited circumstances. If we do deny your request, you have the right to have the denial reviewed by a licensed healthcare professional who was not directly involved in the denial of your request, and we will comply with the outcome of the review.

***Right to Request Restrictions.*** This means you may ask us not to use or disclose any part of your PHI for the purposes of treatment, payment or healthcare operations. You may also request that any part of your PHI not be disclosed to family members or friends who may be involved in your care or for notification purposes as described in this Notice of Privacy Practices. To request a restriction, you must make your request in writing to our office. Your request must state the specific restriction requested and to whom you want the restriction to apply. Your physician is not required to agree to your requested restriction except if you request that the physician not disclose PHI to your health plan with respect to healthcare for which you have paid in full out-of-pocket.

***Right to Request Confidential Communications.*** You have the right to request confidential communication from us by alternative means or at an alternative location. To request confidential communications, you must make your request in writing to our office.

***Right to Request an Amendment.*** If you feel your PHI that we have is incorrect or incomplete, you may ask us to amend the information. You have a right to request an amendment for as long as the information is kept by or for our office. To request an amendment, you must make your request in writing to our office. If we deny your request for amendment, you have the right to file a statement of disagreement with us and we may prepare a rebuttal to your statement and will provide you with a copy of any such rebuttal.

***Right to an Accounting of Disclosures.*** You have the right to request a list of certain disclosures we made of your PHI for purposes other than treatment, payment and health care operations, for which you provided written authorization for disclosure, or for disclosures made seven years prior to the date of the request. To request an accounting of disclosures, you must make your request in writing to our office.

***Right to Get Notice of a Breach.*** We will notify you if your unsecured PHI has been breached.

***Right to a Paper Copy of This Notice.*** You have the right to a paper copy of this notice. You may ask us to give you a copy of this notice at any time. Even if you have agreed to receive this notice electronically, you are still entitled to a paper copy of this notice.

## **CHANGES TO THIS NOTICE**

We reserve the right to change this notice and make the new notice apply to PHI we already have as well as any PHI we receive in the future. We will post a copy of our current notice at our office and on our website. The notice will contain the effective date on the first page of the notice.

## **COMPLAINTS**

You may complain to us or to the Secretary of the Department of Health and Human Services if you believe your privacy rights have been violated. To file a complaint with our office, it must be made in writing and mailed to: Specialized Women's Healthcare, Attn: HIPAA Compliance Officer, 3804 West 15th St., Suite 140, Plano, TX 75075. **We will not retaliate against you for filing a complaint.**

## Financial and Office Policies

This is an agreement between Specialized Women's Healthcare (SWHC), as creditor, and the Patient/Debtor named on this form. In this agreement the words "you", "your", and "yours" mean the Patient/Debtor. The word "account" means the account that has been established in your name to which charges are made and payments credited. The words "we", "us" and "our" refer to SWHC.

**By executing this agreement, you are agreeing to pay for all services that are received.**

**Monthly Statements:** If you have a balance on your account, we will send you a monthly statement. It will show separately the previous balance, any new charges to the account, the finance charge, if any, and any payments or credits applied to your account during the month.

**Payments:** Unless other arrangements are approved by us in writing, the balance on your statement is due and payable when the statement is issued, and is past due if not paid within 30 days. Any co-payments required by an insurance company must be paid at the time of service. Because this is an insurance requirement, we cannot bill you for these.

**Self-pay patients:** All patients are required to pay their account in full at each appointment. Our office does not do payment plans.

**Returned checks:** There is a fee (currently \$35.00) for any checks returned by the bank.

**Contracted insurance:** If we are contracted with your insurance company, we must follow our contract and their requirements. If you have a co-pay or deductible, you must pay that at the time of service.

**Non-contracted insurance:** Insurance is a contract between you and your insurance company. We are NOT a party to this contract. We will bill your insurance company as a courtesy to you. When we verify your insurance your company only gives us an estimate of what they may pay. They guarantee no payment before receipt of and it is the insurance company that makes the final determination of your eligibility. You agree to pay any portion of the charges not covered by insurance.

**Referrals/authorization:** If your insurance requires a referral and/or preauthorization, you are responsible for obtaining it. Failure to do so may result in a lower payment from the insurance company.

**Finance Charge:** A finance charge will be imposed on each item of your account which has not been paid within 30 days of the time the item was added to the account. The finance charge will be computed at the rate of one percent (1%) to the "overdue balance" of your account. The "overdue balance" of your account is calculated by taking the balance owed 30 days ago, and then subtracting any payments or credits applied to the account during that time. The minimum finance charge is \$0.50.

**Past due account:** If your account becomes past due, we will take necessary steps to collect this debt. We have the option to report your account status to any credit reporting agency such as a credit bureau. There is a \$25.00 collection fee added to all accounts sent for collection.

**Waiver of Confidentiality:** You understand if this account is submitted to an attorney or collection agency, if we have to litigate in court, or if you're past due status is reported to a credit reporting agency, the fact that you received treatment at our office may become a matter of public record.

**Divorce:** In case of divorce or separation, the party responsible for the account prior to the divorce or separation remains responsible for the account. After a divorce or separation, the parent authorizing treatment for a child will be the parent responsible for those subsequent charges. If the divorce decree requires the other parent to pay all or part of the treatment costs, it is the authorizing parent's responsibility to collect from the other parent.

**Transferring of Records:** You must make your request in writing. There is a fee for a copy of your medical records as set for by the Texas Medical Records Act of 1981. The charge is \$25.00 for the first 20 pages and \$0.20 for every subsequent page for printed hardcopies. Electronic records are a flat \$25 fee for standard medical records.

**Well Women vs. Problem Exam:** A well woman exam is when a healthy patient is seen to screen for various illnesses or diseases; this is considered preventive medicine. If a patient comes in to discuss any suspected illness or disease, this is considered a problem-focused exam. We provide services for preventive medicine as well as problem-focused medicine. Some insurance plans cover all office visits no matter what the purpose. Other plans will only cover a visit if you have a problem and some will only cover preventive medicine. Our verification staff is dedicated to ensuring that your visit is covered by your insurance or advising you otherwise prior to your appointment. In some instances, we might not be able to obtain this information. It is always a good idea for you to check with your insurance carrier to verify your specific benefits so there are no unexpected financial surprises at the time of your visit. Payment for services is ultimately **your** responsibility.

**Referrals:** Occasionally our physicians will need to refer you to another specialist. Our physicians offer recommendations based on their experience with the specialist. The specialist they recommend may or may not be an in-network provider with your insurance carrier. You will need to contact your insurance carrier to find out if that physician is in-network. If they are not you can: 1) choose to see a physician in-network according to your carrier or 2) see the physician we recommend out-of-network. The latter may require you to pay more money out of your pocket. If you have an HMO or POS policy you may need a referral to see another physician. Please let us know if you do and we will be happy to take care of that for you if your plan allows. If your insurance is one that will not let us do referrals, you will need to call your Primary Care Physician (PCP) and ask them to do this for you. Please note that if your carrier requires you to choose a (PCP) you must have selected one before any office can complete referrals.

**Laboratory Test:** When you have a pap smear or any type of blood work done we will send the specimen to an outside lab. We always try to send specimens to the lab your insurance company recommends. It is your responsibility to inform the nurse of what lab your insurance requires you use. Remember that since we do send all lab specimens to an outside lab we do not charge for the actual test; the lab will bill you separately if your insurance does not cover them.

**Filing Claims:** Please be sure that we have your current insurance information and inform us of any updates or changes. If we do not have current information this will delay payment and possibly cause you to have unexpected expenses. You will be asked to fill out a new information profile completely every year. These profiles expire one year after being signed. You will also be asked to sign in with your name, address, and current insurance information each time you are seen in our office.

**Appointments:** It is our goal to provide services to you in the most comfortable and timely manner as possible. In order to achieve this we must require you to be on time for your appointments. If you must cancel an appointment, we ask that you give us 24 hours' notice whenever possible. Unfortunately, emergencies and deliveries do occur which occasionally causes delays in our schedule. We will try to keep you informed if these arise. Patients who are 15 or more minutes late will need to be rescheduled. If you miss three appointments without notifying us before the appointment time you will be dismissed from the practice.

**Telephone Calls:** We must screen all calls to the doctors during office hours while they are seeing patients. If you have an emergency, explain to the operator the type of emergency you have and a nurse will either pick up your call or call you back within the next few minutes. Calls deemed "non-emergent" will be handled by the clinical staff in the order received. If it is necessary to leave a message for the Doctor the call will be returned within 24-48 hours.

**Prescription Refills:** Prescription refill request will be handled within 24 hours of receipt during regular office hours. No routine prescriptions or narcotic pain medications will be handled after regular office hours or on the weekend.

**Children:** Children are very special to all of us and we are always happy to see the "little ones", but for their safety and the courtesy of other patients we must ask that you keep your children with you at ALL times while in our office.

**Consent for Medical Treatment:** I authorize Specialized Women's Healthcare to examine me and perform those procedures necessary for prenatal and/or family planning care and/or women's healthcare and/or general medical care. Procedures that may be performed include but are not limited to:

- Medical history and physical examination, including pelvic and breast examination
- Blood draws to screen for syphilis, anemia, rubella, diabetes, hepatitis, AIDS, HIV and other blood work determined to be necessary
- Urinalysis, urine pregnancy tests, urine culture and drug screens
- Gonorrhea/Chlamydia culture and pap smear
- Other appropriate lab work
- Neonatal screening

- Ultrasound
- Necessary Immunizations

The nature of the procedures has been explained to me and no warranty or guarantee has been made to me as to the result.

**TCPA Prior Express Consent Notice:** The automatic dialing and prerecorded messages provisions of the Telephone Consumer Protection Act (TCPA) regulate parties who use automatic dialers or predictive dialers or prerecorded messages. Although, automated calls made by debt collectors to land lines are permissible under the TCPA as long as certain disclosures are provided, the regulations under the TCPA provide additional restrictions regarding the use of auto dialers and prerecorded messages to call a consumer's cellular telephone.

The TCPA prohibits a person from making "any call using any automatic telephone dialing system or an artificial or prerecorded voice" to any wireless telephone number unless the call is made for an emergency purpose \* or the call is made with the prior express consent of the called party.

A 2008 Federal Communication Commission (FCC) Ruling clarified a consumer who gives prior express consent to the creditor (SWHC), similarly gives such consent to the debt collector (Meade & Associates) calling on behalf of the creditor (SWHC). If the underlying application, contact or other patient/customer demographics form provides a creditor (SWHC) with consent to contact a consumer's wireless number, this consent applies to the collector (Meade & Associates). There is no specific language that must be used in order to obtain prior express consent from a consumer to place an autodialed and prerecorded message call to a consumer's wireless number.

You agree, in order for us to provide services for you and your account and/or to collect any amounts you may owe, we may contact you by telephone at any telephone number associated with your account, including wireless telephone numbers, which could result in charges to you. We may also contact you by sending text messages or emails, using any email address you provide to us. Methods of contact may include using pre-recorded/artificial voice messages and/or use of an automatic dialing device, as applicable.

I have read this disclosure and agree that the Creditor (SWHC) as well as their debt collector (Meade & Associates) may contact me/us as described above.

**By signing below, I am acknowledging that I have read and understand this complete two page document of the office policies and my financial responsibility.**
